## EDUCATION

3.51/4.00  
Expected Dec 2017

**B.S. Computer Science - University of California, San Diego**  
*Provost Honors*

## EXPERIENCE

**FASTech**  
Present

**Front-End Developer Intern - HTML, CSS, JS, Sketch**

- Maintain and edit FASTech's current website, as well as identify and resolve performance and scalability issues
- Work with a designer to develop a new version of FASTech's website

**ichamba**  
Winter 2016

**UI/UX Designer Intern - HTML, CSS, JS, Sketch, Adobe Illustrator**

- Worked as a collaborative team member to create user flows, wireframes, and high-fidelity mockups
- Converted mockups and wireframes into clean, easy to maintain, and responsive UI components using web technologies

**Garden Compass**  
Fall 2016

**Full Stack Developer Intern - HTML, CSS, JS, SQL**

- Developed and deployed a web app for managing plant information
- Assisted with the conversion of the plant Care Calendar into an intuitive relational database

**UC San Diego (CRBS)**  
Summer 2016

**Web Developer Intern - HTML, CSS, JS, PHP, SQL**

- Edited, designed, and maintained portions of the NIF websites and its online documentation
- *Projects:* Implemented interactive sunburst pie chart, wrote web scraping script to expedite data curation, created/managed database to store website information

## PROJECTS

**raceMe**  
Spring 2016

**raceme.herokuapp.com - HTML, CSS, MEAN Stack, D3.js**

- Interactive infographic that visually displays evidence for mental health and mental healthcare disparities in San Diego

**arrestMe**  
Spring 2016

**arrestme.herokuapp.com - HTML, CSS, MEAN Stack, D3.js**

- Web app that displays an interactive map of San Diego's crime data to help law enforcement efficiently patrol areas that are unsafe

**drinkR**  
Spring 2016

**drinkrapp.herokuapp.com - HTML, CSS, MEAN Stack**

- Web app that serves as an open forum for people to have conversations about their favorite beverages

**Frank**  
Continuous

**frank-app.herokuapp.com - HTML, CSS, MEAN Stack**

- A mobile app where users can post pictures of themselves/item, receive feedback on posts, and comment on other peoples' appearances (Username: test; Password: test123)

**Web Portfolio**  
Continuous

**www.pariscrisdo.com - HTML, CSS, JS**

- Responsive profile with a focus on design, graphics, and animation to present information on a single web page - projects listed here
